CAREER OBJECTIVE

React developer with hands-on experience delivering production-grade web applications, WordPress Gutenberg block plugins, and complex automation tools. Proven ability to take full frontend ownership — from architecture to delivery — across diverse product types. Comfortable working independently or as part of a cross-functional team, with a track record of shipping real features and resolving critical bugs in live products.

HIGHLIGHTS

- Independently built the complete frontend of WAB Foundation's live non-profit platform, including donation campaigns, a blood donor network, and a full admin dashboard.
- Took sole frontend ownership of Zaplane, a trigger-based automation platform, and delivered the full product independently.
- Implemented a complex visual workflow builder using React Flow (open-source) with fully custom nodes, edges, and logic.
- Built the frontend for GameEngine from scratch, owning the complete UI architecture and component system.
- Contributed frontend work across 7+ products at Kodezen, including aBlocks, Zaplane, GameEngine, Zen Booking, QuizPress, Zan Community, and Zan Board.
- Rapid learner — adapted to React Flow, block development APIs, and automation product requirements without prior experience in those domains.

SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Redux, Tailwind CSS, Shopify

Backend: Node.js, Express, MongoDB, Mongoose, Prisma, PostgreSQL, Strapi

Tools: VS Code, Chrome DevTools, Figma, Vercel, Netlify, Canva, ChatGPT, Gemini, Claude, Cursor

Soft Skills: Communication, Leadership, Team Collaboration, Time Management, Adaptability, Quick Learner, Responsibility

EXPERIENCE

WAB Foundation — Non-Profit Web Platform *April 2026 – Present*

A live production platform for WAB Foundation, a non-profit organization, featuring donation campaigns, a blood donor network, blogs, gallery, membership, and a full admin dashboard.

- Developed the entire frontend independently — from architecture to live deployment, serving real users in production.
- Built donation campaigns with progress tracking and payment integration via SSLCommerz, bKash, and Nagad.
- Implemented full English / Bengali multi-language support with automatic font switching (next-intl).
- Built a complete admin dashboard for campaigns, blogs, users, roles, permissions, media, and payments.
- Designed a secure production architecture using Server Actions, auth proxy middleware, and automatic token refresh.

Technologies: Next.js, React, TypeScript, Tailwind CSS, shadcn/ui, next-intl, React Hook Form, Recharts, Framer Motion

Frontend Developer (Full-Time) — Kodezen LLC *November 2024 – April 2026*

Zaplane — Automation Platform

A trigger-based automation platform enabling users to build custom workflows, conceptually similar to Bit Flow and OttoKit.

- Held full frontend responsibility for the platform, owning all frontend decisions from architecture to production release.
- Built a visual workflow builder using React Flow (open-source, without Pro license) with completely custom node types, edge logic, and drag-and-drop interaction.
- Designed and developed the full UI from scratch and delivered the complete project independently.

Frontend Intern — Kodezen LLC *August 2024 – October 2024*

Completed a 3-month internship learning the codebase, fixing real bugs, and shipping features before transitioning to a full-time role.

aBlocks — WordPress Gutenberg Block Plugin

A publicly released Gutenberg block plugin used by real users to build custom pages.

- Built new Gutenberg blocks from scratch: Table, Social Share, Notice, and Filterable Gallery.
- Improved the existing Menu Block and its advanced features, enhancing usability and developer extensibility.
- Implemented Container, Grid, and Flex layout systems, giving users flexible page-building capabilities.
- Resolved 60+ bugs and shipped numerous feature improvements across the block library.

EDUCATION

Bachelor of Arts (B.A.) in Islamic History & Culture *Currently Pursuing*

National University, Bangladesh

Higher Secondary Certificate (HSC) *Graduated 2024*

Bakshiganj Govt. Kiamat Ullah College
